

REDEFINING WHAT'S POSSIBLE

MESSAGE FROM THE CEO

This Business Profile offers valuable and current information about our company, guided by **Vision 2030**, our new Corporate Strategy. This strategy is designed to meet and exceed your technology needs with our innovative products, services, and partnerships.

Change is constant in our industry, affecting how we organize, recruit, develop competencies, and build client relationships. Embracing a startup spirit with an agile mindset, we adapt to stay relevant, as demonstrated by our **Vision 2030** roadmap.

“Once Again, Welcome to **Innosoft™**!”

Loai Saleh Labani
Chairman

Our forward-looking approach has led to the development of products and services that meet and exceed your expectations in quality and delivery.

We have completed numerous projects, served over 90 clients across various sectors, and achieved a %96 client retention rate. Our young, dynamic workforce is innovative and competent. Our focus is to continually improve our offerings and explore new markets.

Our slogan, “**Innovate to transform,**” reflects our commitment to excellence and innovation, helping you become successful and purpose-driven organizations. This is our pledge.

Redefining The Vision

LET'S START

INNOVATIVE SOFTWARE COMPANY LIMITED

Innosoft™ is an innovative technology house established in 2011. Built on the rich capabilities of creative engineers and business acumen of entrepreneurs, it is a tech think-tank focused on providing innovative solutions addressing significant digital challenges faced by businesses and local communities across the kingdom.

We envision redefining how technology can be harnessed in shaping the future of a knowledge-based economy. With systematic thinking and human-centered processes, the team at **Innosoft™** provides customized, targeted and unique value propositions leveraging cutting-edge technologies.

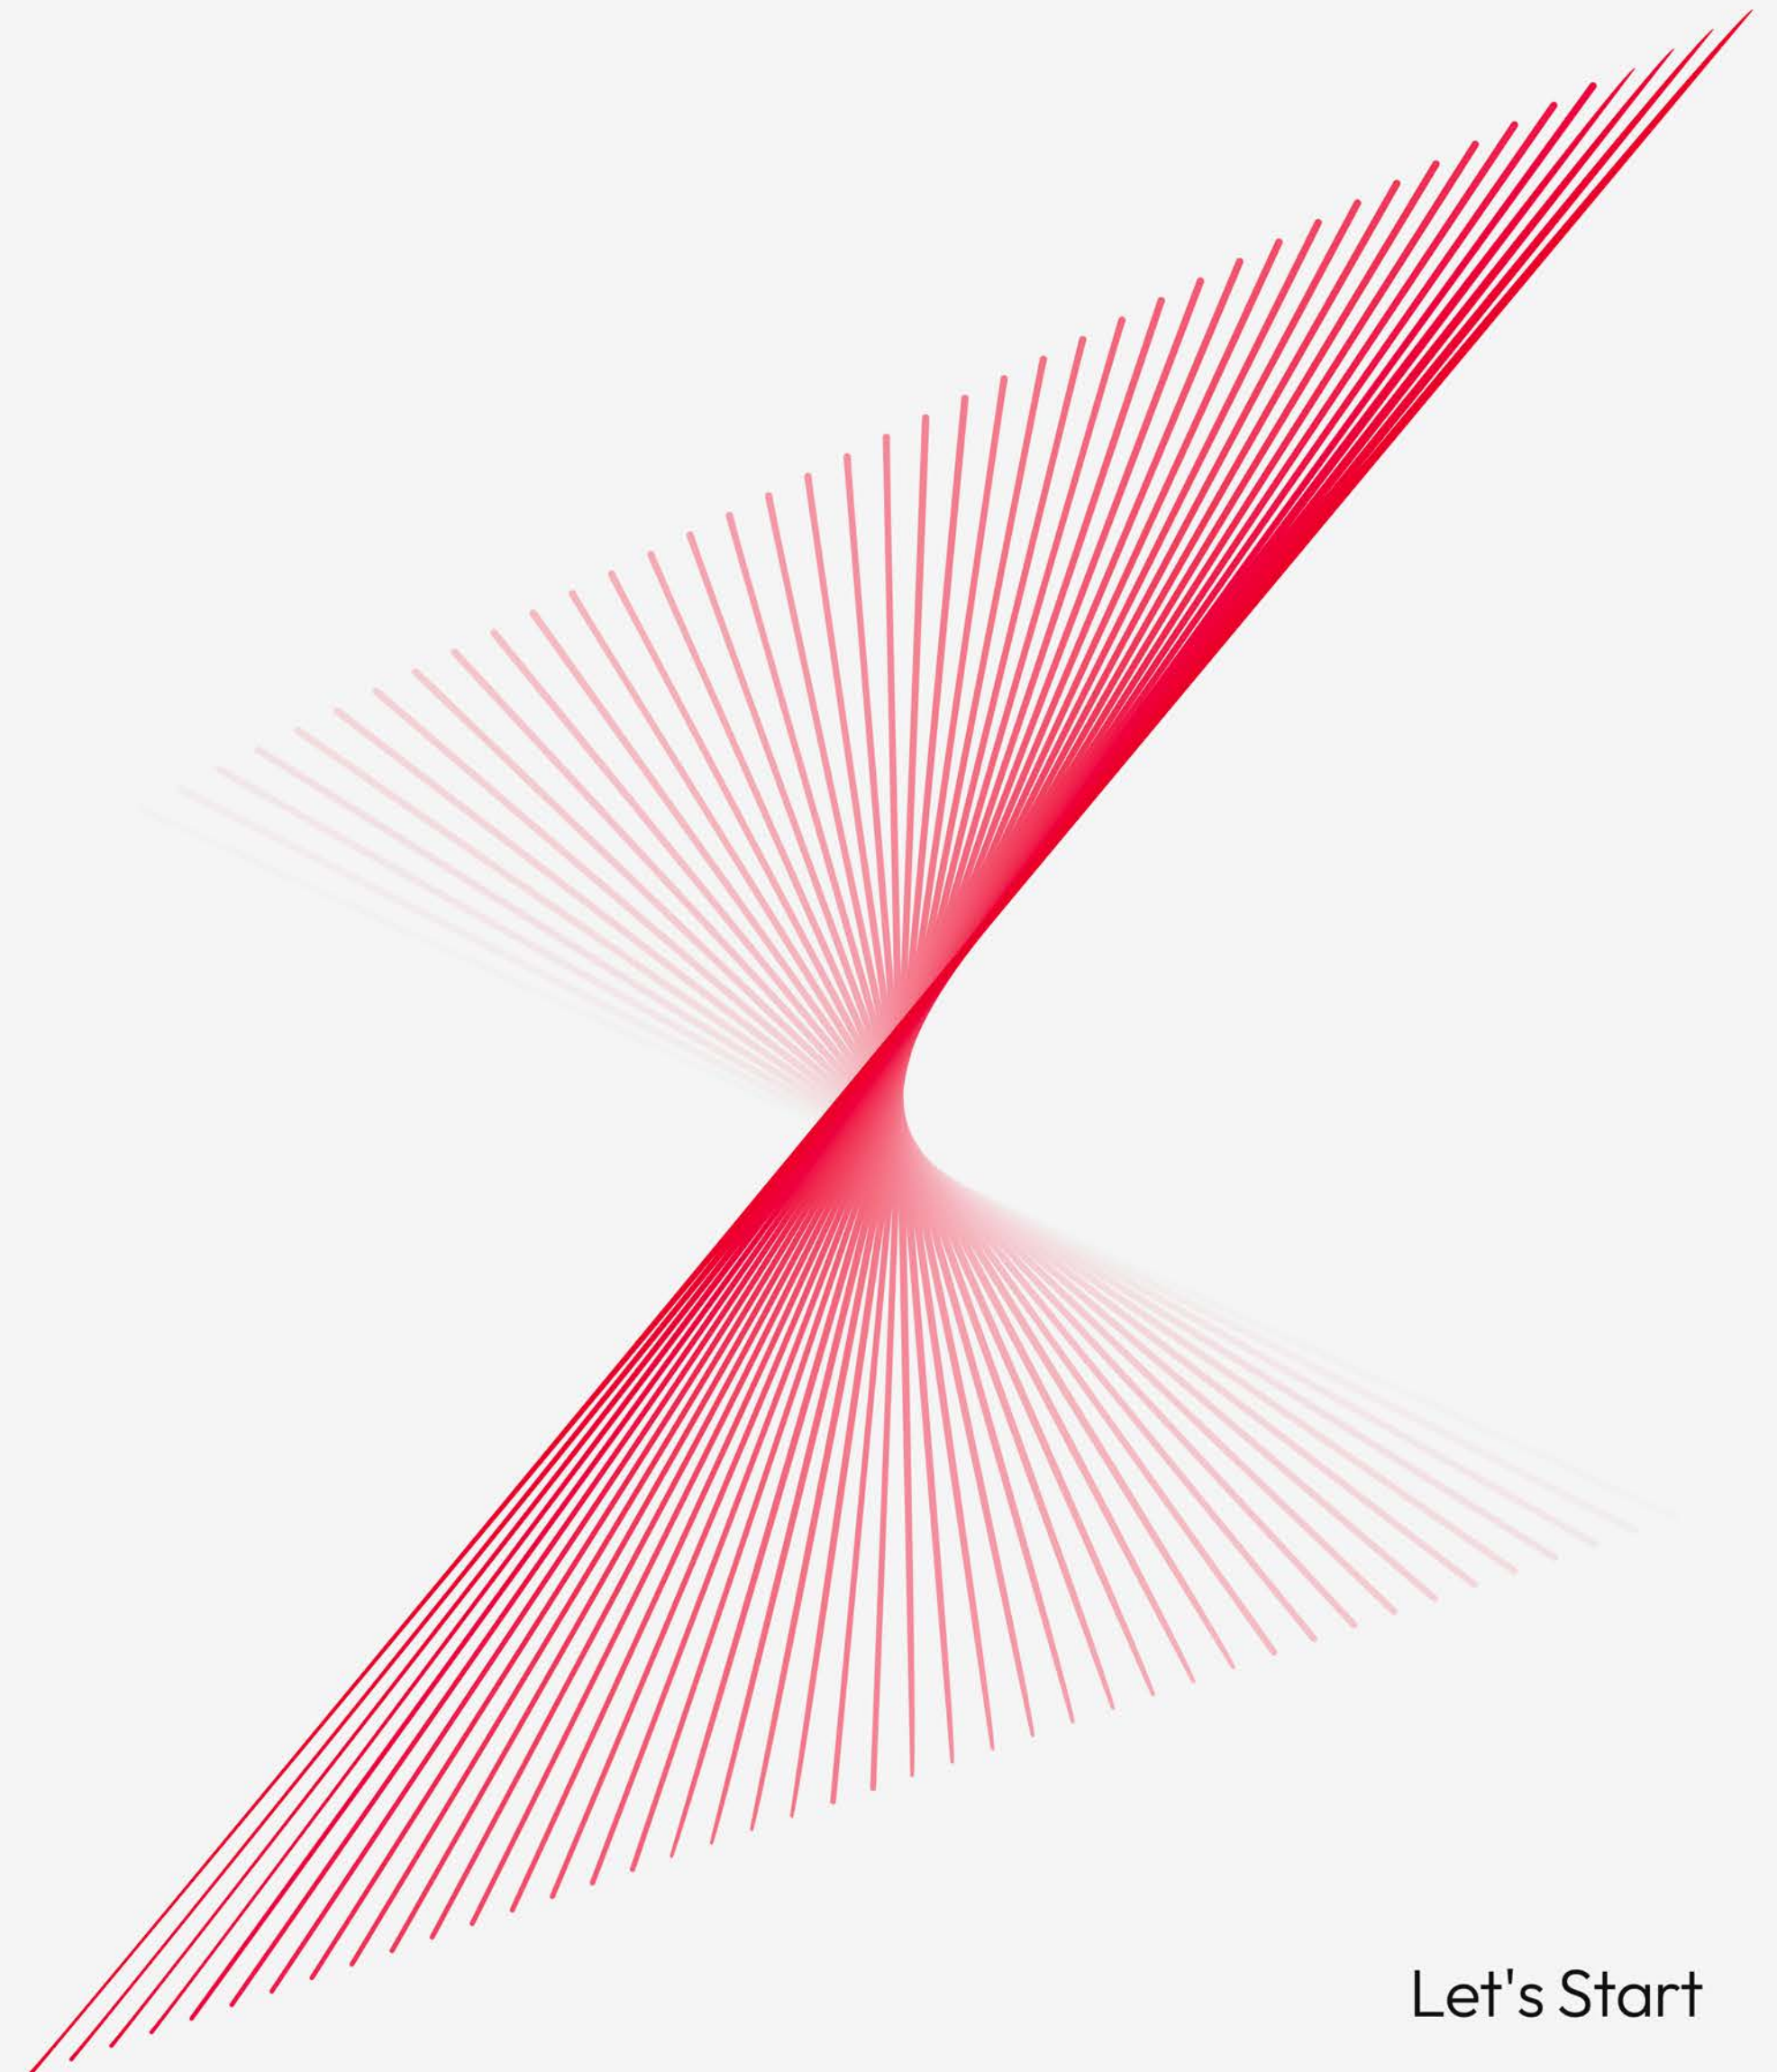

OUR VISION

Key enabler in reshaping
the digital landscape
and empowering the nation's
public and private sector towards a
KNOWLEDGE DRIVEN FUTURE

OUR PASSION

Making the Probable Possible

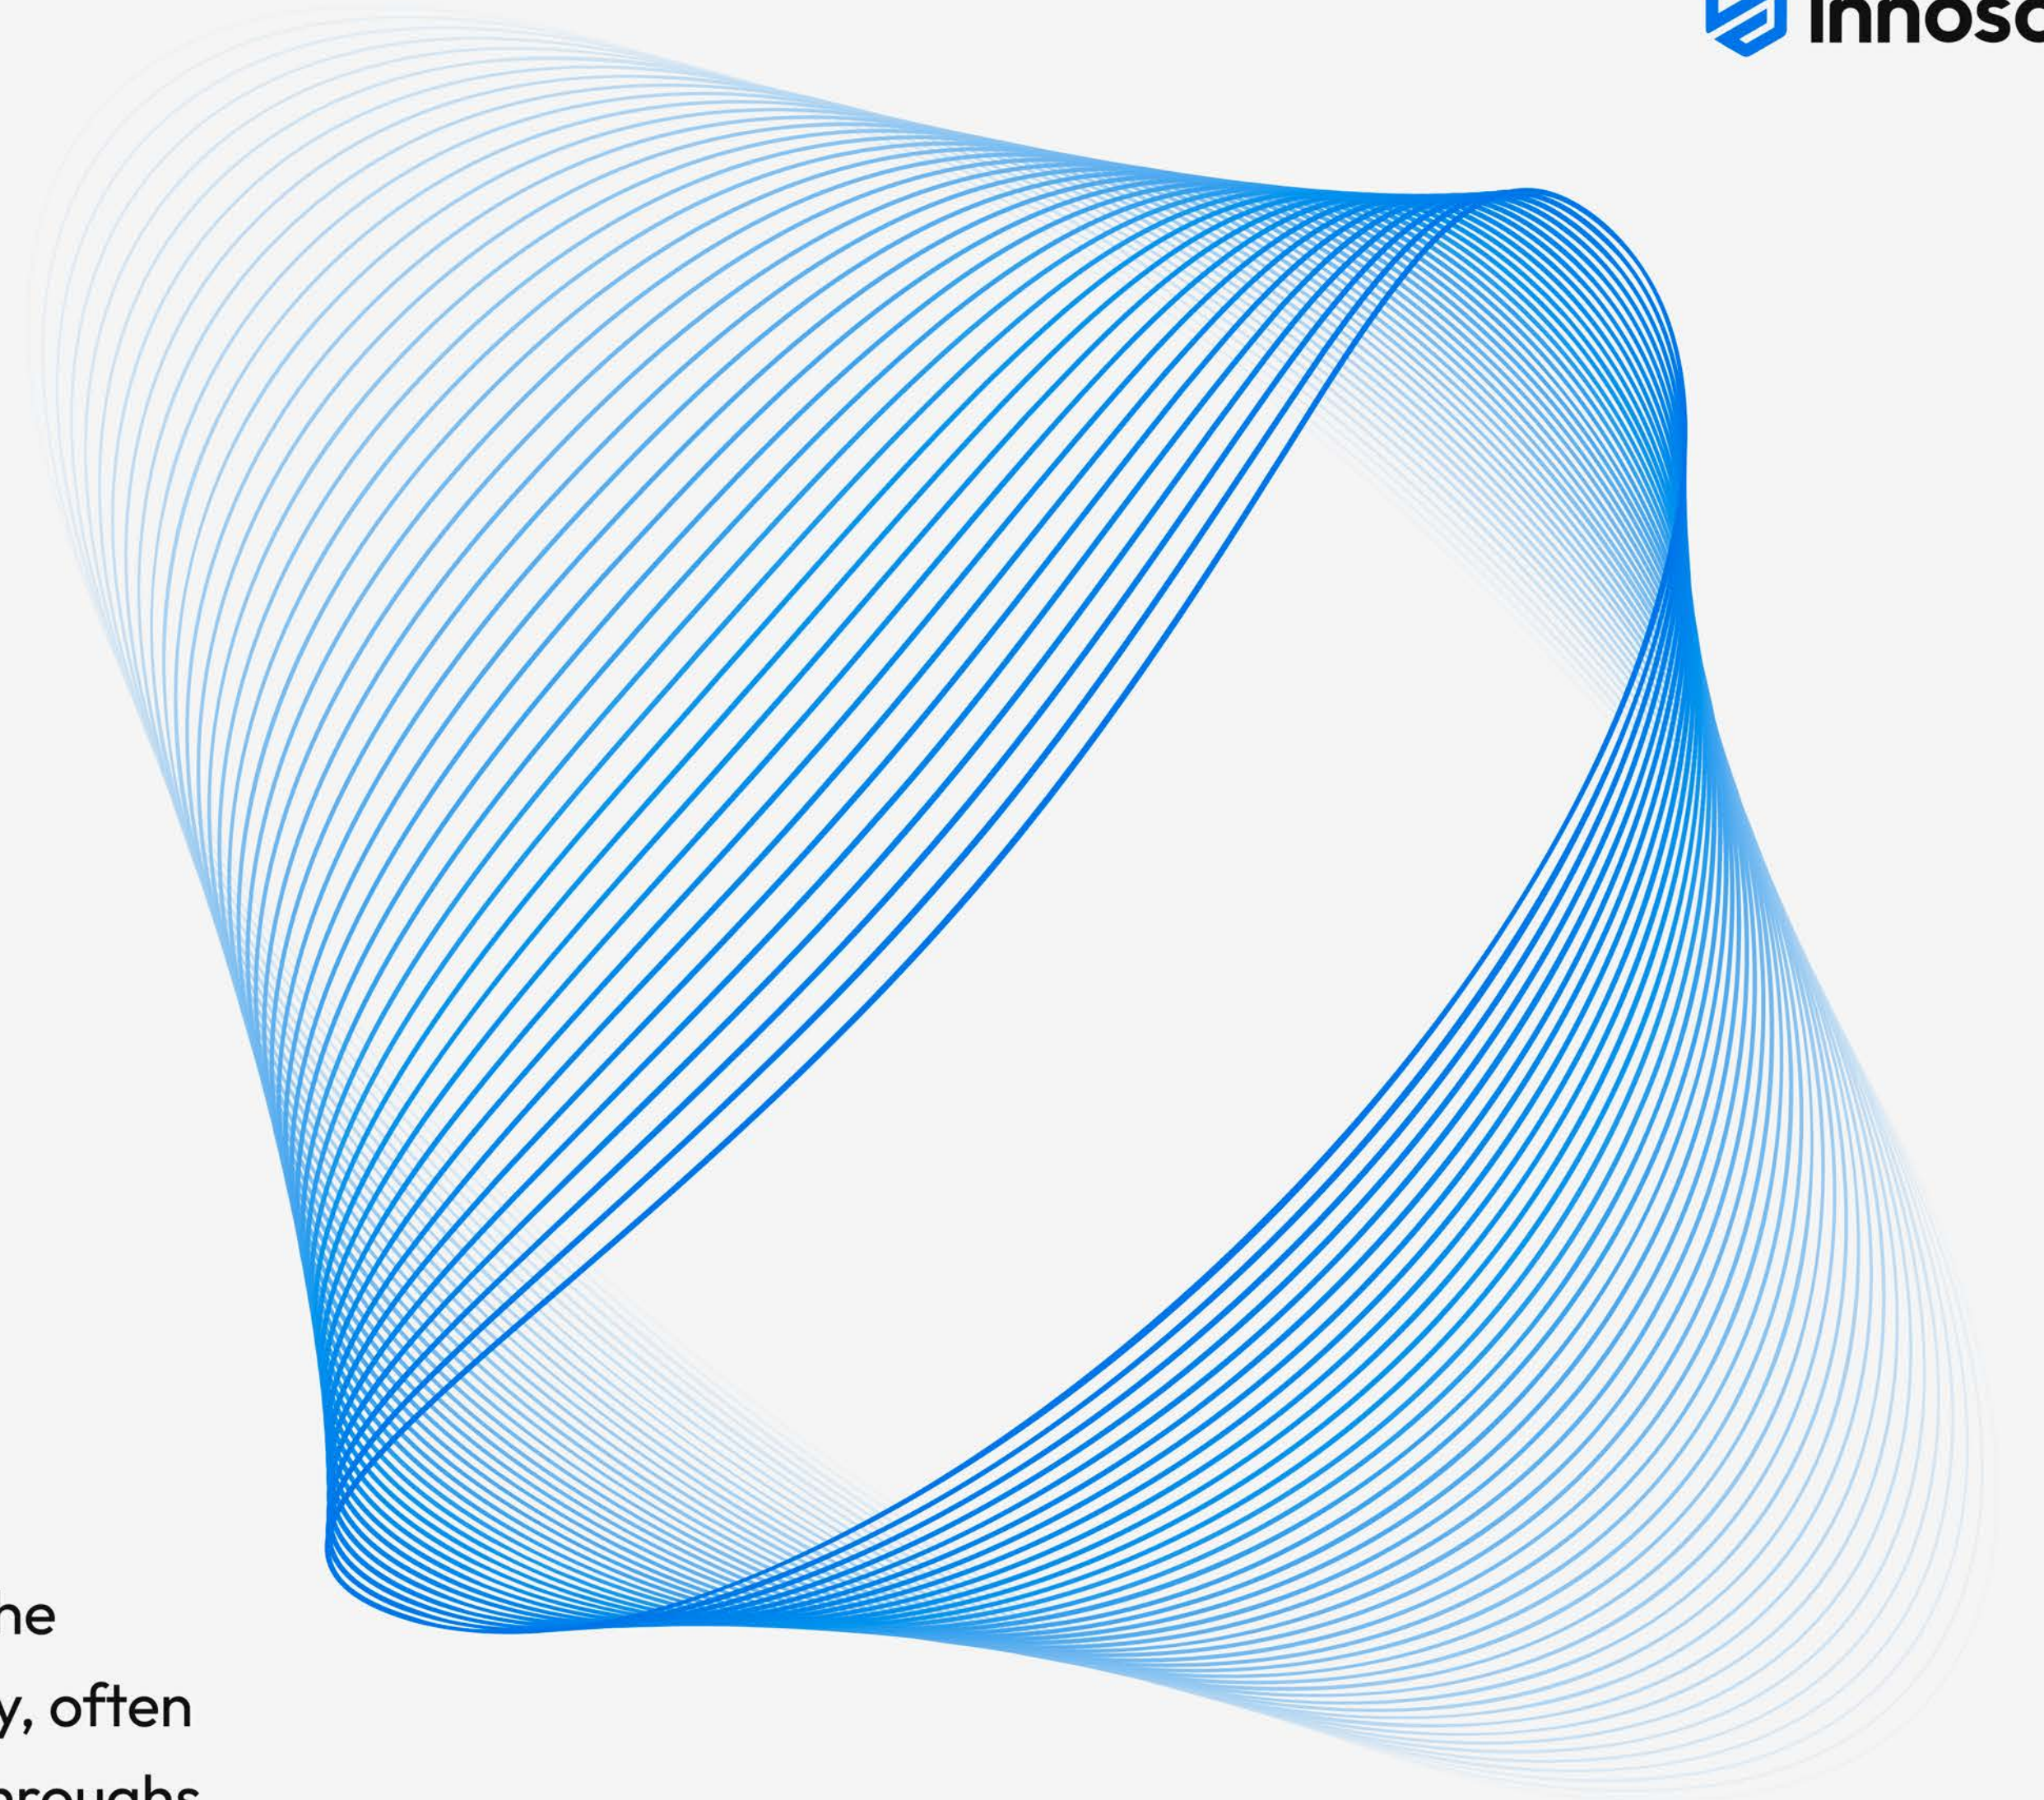

The very first name for **Innosoft™** had the word “Moon” in it. Since then, we have never stopped looking beyond the ordinary. At our core, we have always been driven by the relentless spirit of exploration and innovation. No matter how challenging the journey is, we remain dedicated to lighting the path forward — one step at a time.

OUR PURPOSE

Pursue Possibilities with Confidence

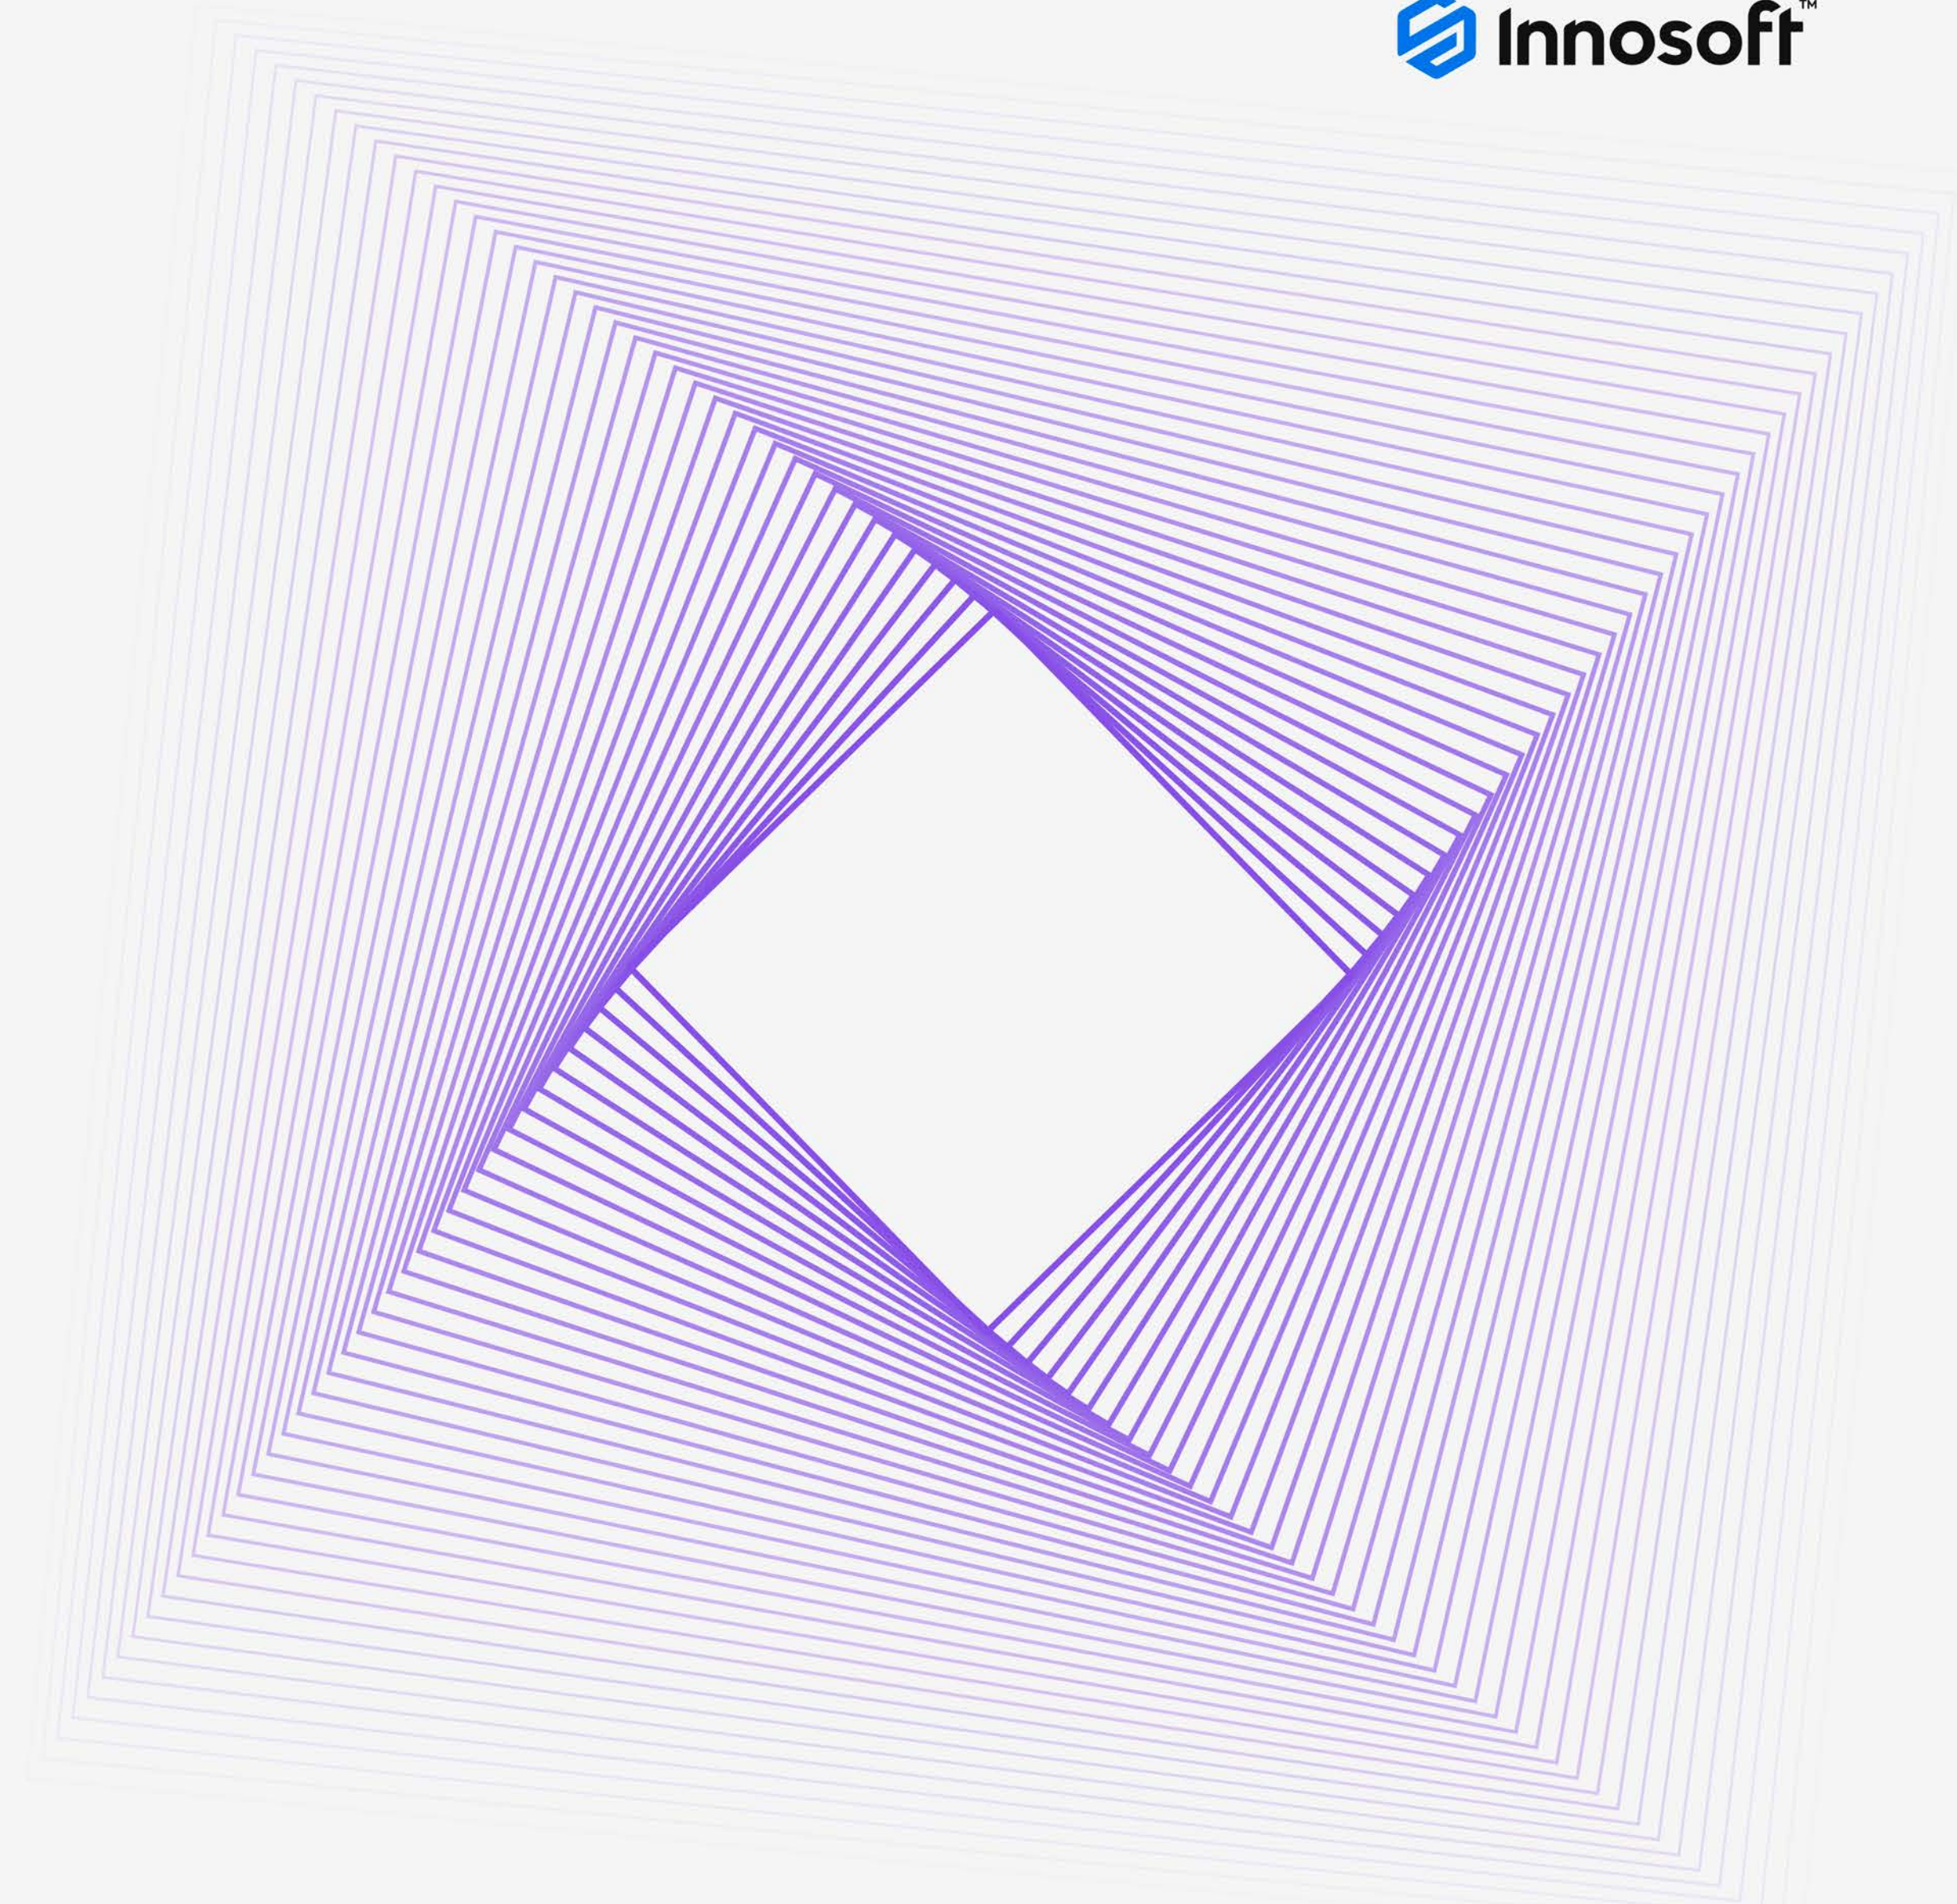

Just as a cup of coffee can awaken possibilities, technology has the ability to fuel new ideas. By pushing the boundaries of technology, often out of necessity, we spark innovation and achieve radical breakthroughs. Our purpose is to contribute to a **powerful whole** by expanding the limits of technology and reimagining possibilities.

OUR PROCESS

Powered by Coffee and Driven by Innovation

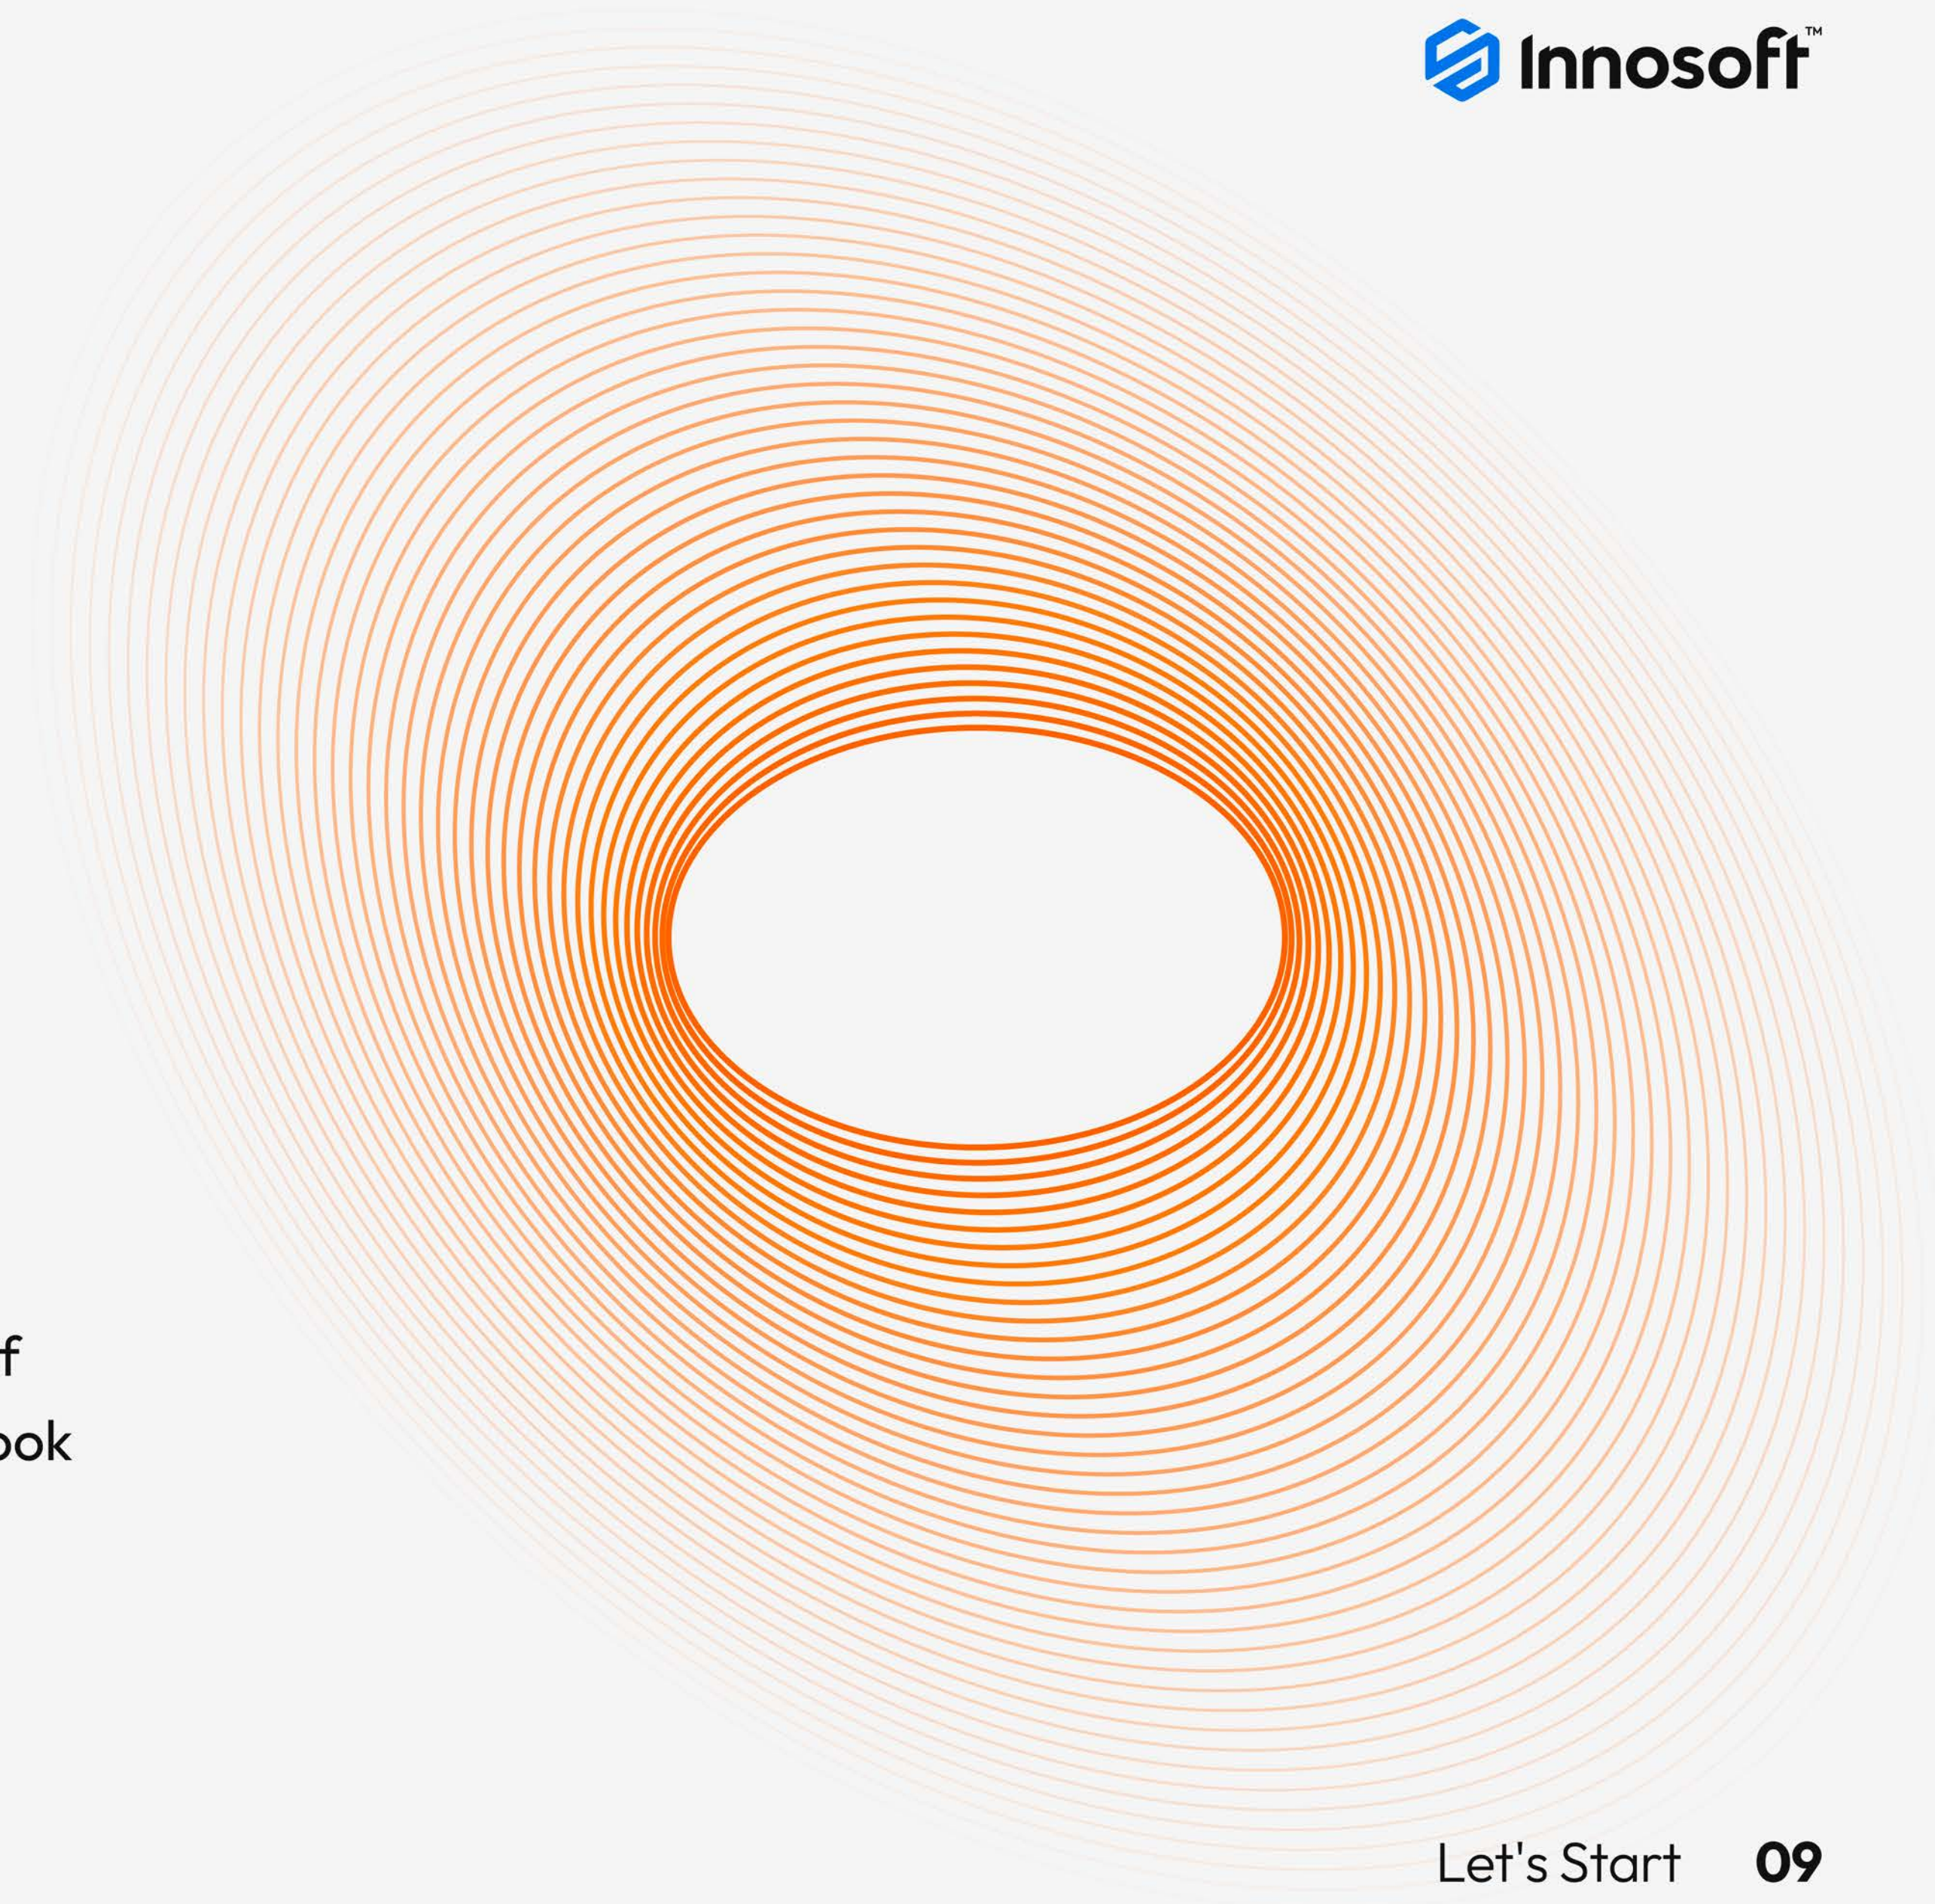

Whether it is pulling the perfect shot of espresso or building a precise LEGO model, careful attention to detail and the right balance of elements are required. We at **Innosoft™** work by systemizing innovation with the right blend of processes and hyper-creative people, resulting in an assembly line of groundbreaking solutions.

WHY US?

Rethinking Perspectives

With over a decade of contributing to the digital landscape of the Kingdom, we have learned that breakthroughs occur when we let go of our assumptions and embrace a fresh perspective. At **Innosoft™**, we look beyond the obvious, diving into exploration, experimentation, and ultimately pursuing bold ideas that might otherwise remain unimaginable. Our ability to find a fresh perspective is one of our greatest strengths and, more often, new perspectives make doing the impossible, possible.

Embracing Challenges

THE JOURNEY BEGINS

TY

OUR DRIVE

An Innovative Adherence to Saudi Vision 2030

Technology, in our belief at **Innosoft™**, is the key to achieving the goal of a knowledge-based economy. We place a high priority on localizing research and innovation to hasten digitalization initiatives, drive rapid economic progress, and assist in the nation's economic diversification — an innovative alignment with the Saudi Vision 2030.

OUR VALUES

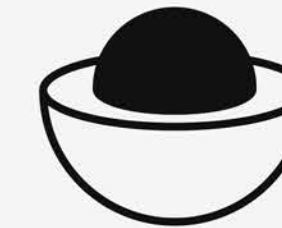

Purpose-Driven Innovation

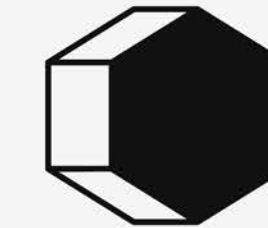

Our culture is rooted in strong values that cultivate a sense of belonging and purpose, uniting individual efforts toward a common vision. In an environment where trust, collaboration, and innovation thrive, success becomes resilient and on track towards sustained growth.

Delivering Excellence

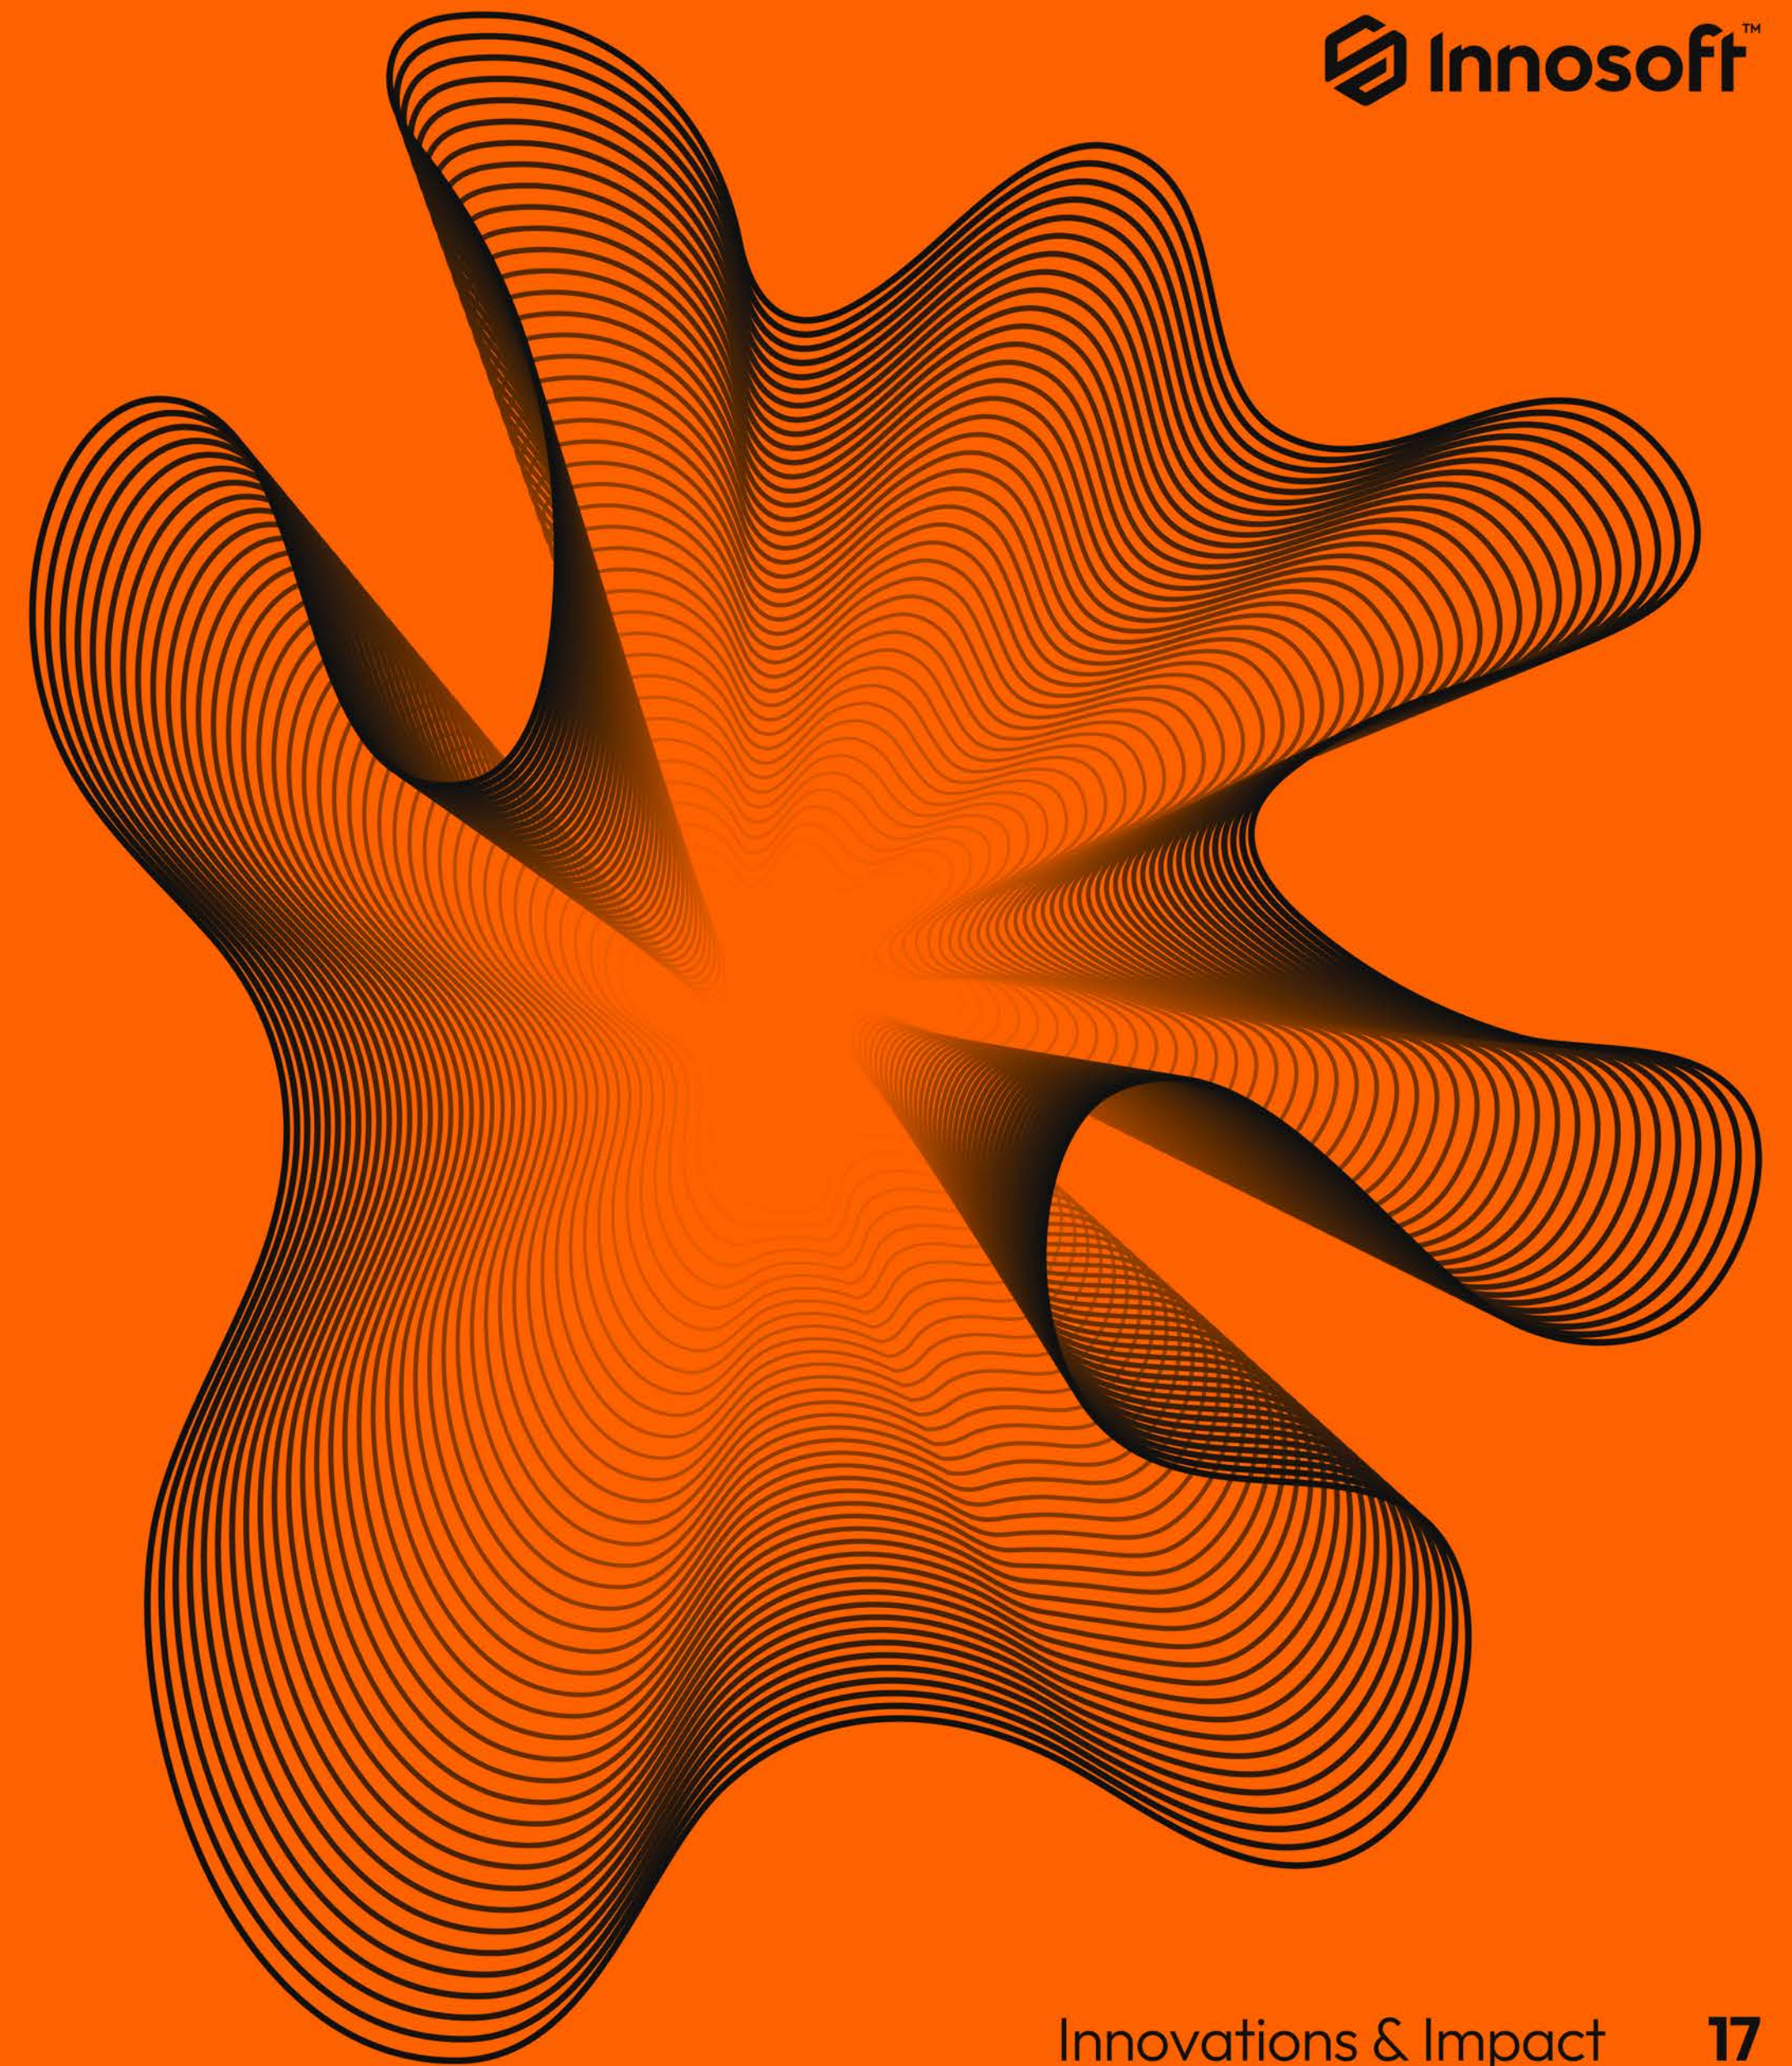

INNOVATIONS & IMPACT

OUR SERVICES

Our service offerings are more than just solutions; they represent our attempts to build a future where technology is the cornerstone of progress and prosperity.

Every app we create, every solution we architect, and every data point we present is a stride towards fostering a technologically advanced and prosperous future.

Our mission is to ensure that the transformative power of technology is accessible and impactful across all sectors. By harnessing the full potential of emerging technologies, we are not just meeting today's needs; **we are shaping tomorrow's possibilities.**

USER EXPERIENCE & INTERFACE DESIGN

Our design philosophy is rooted in a user-first approach, driven by in-depth research to meet the needs of both your business and its end users. By employing diverse user-centric strategies, we lay the groundwork for our creative team to craft immersive and impactful experiences.

The system design methodology we adopt at **Innosoft™** prioritizes usability and accessibility, ensuring that our solutions not only serve immediate needs but also provide a robust foundation for sustained growth and future innovation.

WEB DESIGN & DEVELOPMENT

A well-crafted website is the cornerstone of your organization's digital presence, shaping its narrative and creating a competitive edge. We leverage the latest web technologies to develop responsive, dynamic, and impactful websites that are uniquely tailored to your brand. Our approach ensures a perfect blend of aesthetic appeal and functionality, transforming your digital presence into a catalyst for business growth.

At **Innosoft™**, we manage the entire web development lifecycle, offering services that range from architecture and design prototyping to development, optimization, and post-launch support.

MOBILE APPLICATION DEVELOPMENT

We are passionate about creating mobile solutions that are innovative, intuitive and user-centric that empower your business to connect with your beneficiaries in meaningful ways. With attention to usability and performance, we ensure that your mobile application drives engagement and fosters brand loyalty.

We develop custom mobile apps that are tailored to your specific business needs, whether for iOS, Android, or cross-platform environments. Our team leverages the latest technologies and design principles to build apps that are not only visually appealing but also feature-rich, secure, and highly functional.
